

# PNET AND RMI CREATE MOTORJOBS

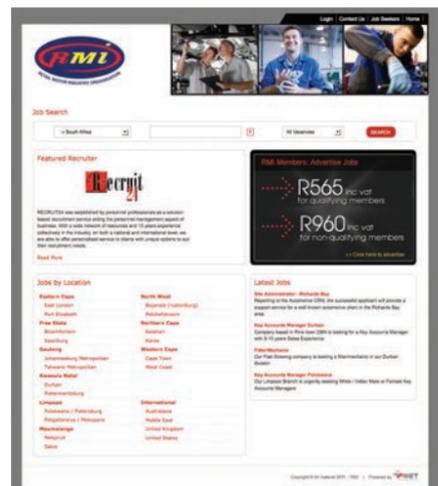

PNet, a leading online e-recruitment service provider, has teamed up with the RMI to create Motorjobs – an online portal for RMI members to advertise job vacancies. The initiative represents yet another benefit of belonging to the RMI.

In addition to preferential advertising rates, qualifying members will have the benefit of managing their own recruitment process. After all, RMI members are best placed to find the optimal fit between the candidate and vacancy in their business.

Founded in 1997, PNet is a member of the internationally recognised SAON Group, with access to global knowledge and resources of an e-recruitment multinational.

## VERSATILE SOLUTIONS

The company has pioneered a range of e-recruitment solutions in South Africa and, over the years, has built one of the country's largest online recruitment communities, which includes more than 9000 recruiters and more than 1 300 000 professional job seekers.

ABOVE: PNET has pioneered a range of e-recruitment solutions in South Africa.

When it pioneered online e-recruitment in 1997, its vision was to create a single web-based facility for recruitment agents, corporates and job seekers alike. By providing anywhere, anytime access to online jobs and professional CVs with a superior and easy-to-use search facility, the company hoped to add value to both recruitment agents, corporate businesses and to job seekers.

Today, PNet's infrastructure provides job seekers with access to more than 22 500 relevant and up-to-date jobs every day. Job seekers can register their CV on PNet for free and are assured of having it seen by more than 9000 recruiters. They are subsequently notified of all matching corporate job vacancies.

## EASY ACCESS

PNet provides job seekers in South Africa with access to a quick and simple registration process, an extensive search facility, the ability to receive their ideal job directly to their inbox; exposure to top companies in South Africa and the possibility of being headhunted by more than 1 450 recruitment agents and by more than 545 corporate clients.

Recruitment agencies access an impressive range of in excess of 1 300 000 (more than 250 000 added in the last nine months) professional CVs. The extensive database grows daily, with the site averaging 25,5 million page impressions, derived from more than 900 000 unique visitors, each month.

PNet provides recruitment agencies with unique and simple e-recruitment tools; a quick and easy candidate search system; an adaptable online candidate screening

facility and the ability to maintain and manage their own talent pool of professional job seekers. Add to that an extensive awareness campaign targeting professionals and it becomes clear why PNet is the ideal recruitment solution.

## EXCLUSIVE TO MEMBERS

Only RMI members who are in good standing with the RMI are able to advertise job vacancies on the site.

There are two prices available to RMI members in good standing:

- 1) R960 including VAT per advert
- 2) R565 including VAT per advert

Price option 1 is for non-qualifying members – that is those RMI members who have greater than 35 employees. Price option 2 is for qualifying members and is for those RMI members employing 35 people or less. This price option represents a 41 per cent discount on the standard rate. ✓
